Welcome to the Fork-SAFE International Newsletter No. 5

General Info

Fork-SAFE International has been very busy over the past 2 months, with many projects being put in place.

With the continually expanding range of products, the ability to install equipment into mining, civil, agricultural and other types of mobile plant is increasing. Our website is continually being updated, so make sure you keep an eye on it.

Reminders

Our Showroom has attracted much attention, with excellent feedback. Phone or email us to make an appointment to view. You won't be disappointed!

Catalogues

The updated catalogues for the TFC, Mobile Plant & Machinery and Lights, Warnings, Alarms & Accessories, will be available shortly.

Endeavour Awards

We would like to thank Manufacturer's Monthly Magazine for organizing the **2008 Endeavour Awards**. We all had a fantastic evening.

Fork-SAFE International was a finalist in the Awards for the TFC Series under 2 categories:

- Australian Industrial Product of the Year
- Australian Steel Innovation of the Year

We would like to congratulate the winners for all categories.

Safety Forum

The South Australian Forklift Safety Forum will be held on Tuesday 8th July, 2008.

Come and hear from experts in forklift safety, safety management and OHS law. Richard Jeney, the Director of Fork-SAFE International, will be one of the presenters.

The forum will be held in Phar Lap Room; Allan Scott Park Function Centre, Morphettville.

For more information on the forum, check out the Fork-SAFE International website.
